

## RFX Addendum Form

<b>RFX Number: 99999-SPD0000052</b>	<b>RFX Title: Sign Language &amp; Related Svcs.</b>
Requesting State Entity: Department of Administrative Services	
Issuing Officer: Trudie E. Carmichael	RFX Initially Posted to Internet: April 15, 2011
e-Mail Address: TCarmich@doas.ga.gov	Telephone: 404.657.6879
Addendum Number: 5	Date: May 10, 2011

**The attached information, provided by the issuing State Entity, is made a part of this RFX. The purpose of this addendum is to revise the RFX as follows:**

**The following questions were received and the response is being shared by all.**

1. Can DOAS consider extending the due date of this bid by at least ten (10) business days so that bidders can fully review the revised pricing requirements? The revised pricing requirements remain outside of industry standard, so will require extensive review and testing in order for an agency to submit the most cost-effective response. **No, at this time I do not see the need for a ten (10) day extension, but will extend until Thursday, May 19, 2011, at 2:00 PM. Can tell me what you mean by "industry standard"? At the pre-bid conference I asked for suggestions, but received none so the modification made was what was posted.**
2. Will you be releasing all of the questions posed and answers to all of the questions posed? **All of the questions received were responded to in the Response to Questions.**
3. Could you clarify what is meant by "Pricing fixed day/evening classes" under the College/University and Technical College columns of the pricing forms? **We provided a rate for after hours interpreting. For the colleges/universities, some of their need may only be at night due to night classes therefore the Evaluators felt that a standard rate for them would be in order as opposed to a dual rate structure.**

Note: In the event of a conflict between previously released information and the information contained herein, the latter shall control.

**A signed acknowledgment of this addendum (this page) should be attached to your RFX response.**
